Dub Dub Savings and Black Box Reconciliation

Period: January 1, 2026 to July 31, 2026. Drift resets excluded.

Executive Summary

- Dub Dub POS records show $33,980.00 sent to Savings / Black Box from January 1 to July 31, 2026, but operations cash activity only shows $16,220.00 for the same shop and buckets.
- The unexplained gap is $17,760.00 before any manual correction: $18,170.00 is in POS with no matching operations cash activity, while $410.00 is in operations with no matching POS transfer.
- Only 82 POS rows matched a positive operations cash row. 92 POS transfer rows and 2 operations cash rows need review.
- Drift resets were excluded. Zero-value edit-history rows were also excluded from actual totals and listed only as low-priority data hygiene flags.
